WELCOME
FROM OUR ACADEMIC TEAM

Each year, **SCL International College (SCL)** becomes home to students from all over the world, and it is our privilege to welcome them.

Based in the vibrant city of London, we offer an all-inclusive educational experience designed to broaden students' knowledge, skills, and advance their personal, academic, and professional growth. Whether students want to brush up on their English, prepare for an exam, learn more about business and other subjects, or progress to university through one of our pathway programmes, we have a course tailored to meet their needs.

What truly sets us apart is the way our students live and learn together in one place. Bringing study and accommodation under the same roof creates a supportive, safe environment where students thrive and form lasting friendships.

Our students are taught by experienced, dedicated academics and supported by staff who offer personalised guidance throughout their studies. Together with state-of-the-art facilities, this gives students everything they need to gain the skills and qualifications to reach their goals.

We are proud of all that our students go on to achieve, whether that's growing in confidence with their English or earning a place at a Russell Group university, and we look forward to welcoming many more to SCL in the years ahead.

ADULT COURSES

SCL International College offers English courses for all levels, enhancing fluency, confidence, and real-world communication skills, preparing students for international academic success.

We also provide Cambridge and IELTS exam preparation, focusing on test strategies and the four key skills: listening, reading, writing, and speaking.

What I found most beneficial was the perfect balance between academic lessons and practical learning. I didn't just study English in class – I lived it every day. The teachers' patience, enthusiasm, and encouragement made learning truly enjoyable.
