Your safety and wellbeing are our priority

Stay Campus London follows the latest UK Government guidelines so we can continue to deliver outstanding residential English language programmes and provide the highest standards of health and safety to our students. [Watch a short video about our standards here!](#)

Thank you for your support!

Our teams work hard to ensure you and your students have an exceptional experience with Stay Campus; we also value your efforts to work with us as one team and resume to provide a safe and comfortable learning environment to the students.

We follow the same mission. We are one team. We are in this together.

What can you do to help us to protect yourself and your students from illness?

You can promote, encourage, supervise and work closely with us:

- Work closely with Stay Campus London teams.
- Please tell us immediately if anyone in your group has any pre-existing medical conditions.
- Report to us immediately if any students don't feel well (more guidance is detailed below).
- Promote good personal hygiene habits.
- Encourage frequent hand washing.
- Supervise social distancing.
- Promote good respiratory hygiene - "catch it, bin it, kill it" approach.
- Supervise the wearing of a face mask on public transport, when social distancing is not possible - for more details on the guidelines, please follow [this article here](#):
- Encourage to have and apply a hand sanitizer as much as possible.
- Supervise and follow signage around our school.
- Don't burst our bubbles!
- Please encourage students to respect our new classroom rules. > **this link needs to be updated with the latest version** [You can read full information here!](#)
- Lead by example

We have prepared a detailed student guidance COVID-19 for our students to read and follow. Please help us to reassure that all students follow the guidelines.

[Please read our student guidance COVID-19 here!](#)

Please be aware the onsite arrangements are being reviewed regularly due to frequent updates from the UK government in response to COVID-19 situation.

What do you need to do when students feel unwell?

Our fully trained staff is always here to assist you!

- Please don't let the student attend classes
- Contact the Stay Campus London team immediately at info@staycampus.com or phone to residence and ask to speak to a member of Stay campus London staff.
- Please be always available and in the residence in case we need to contact you

Students must self-isolate if they have coronavirus symptoms or live in the same household / share a room as somebody who does. The main symptoms of coronavirus are:

- **high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **loss or change to your sense of smell or taste** – this means you have noticed you cannot smell or taste anything, or things smell or taste different to normal.

For more information, read the further [guidance on symptoms](#).

We are here to help!

Our team will do everything to make sure you have the best possible experience with Stay Campus London!
